OPPOSING STATE PROPOSITION 13, A DOG-RACING INITIATIVE ON THE NOVEMBER, 1976 BALLOT

WHEREAS, Proposition 13 is a special-interest initiative which would create a billion-dollar gambling empire for a few persons, at the expense of over 20 million Californians; and

WHEREAS, The promoters' own estimates indicate they expect to clear approximately $97 million a year; and

WHEREAS, The initiative is written in such a manner that the regulatory commission would be comprised of members largely favorable to promoters of Proposition 13 and thereby eliminate competition; and

WHEREAS, Proposition 13 would permit the commission to allocate licenses to operate greyhound race tracks worth millions of dollars; and

WHEREAS, These licenses would be granted to the applicants after only nine working days of consideration by the commission between December 3 and December 15, 1976; and

WHEREAS, When dog race gambling existed in California in the 1930's it became so corrupt it was closed down; and

WHEREAS, Law enforcement officials throughout the State are concerned about dog race gambling as an open invitation to organized crime; and

WHEREAS, In other states, such as Arizona, dog racing has been found to be the focal point of major scandals involving political corruption and other serious crimes; and

WHEREAS, Proposition 13 diverts six percent of the parimutuel "handle" to the State, not one penny of which would be transmitted to the General Fund; and

WHEREAS, Proposition 13 would mean increased police, fire and traffic control expenses at the local level and, thus, impose

additional tax burdens on the local taxpayer; and

WHEREAS, The dog racing initiative would be part of the State Constitution and could not be changed by the people's representatives in the Legislature or in local elected bodies; and

WHEREAS, Racing greyhounds are commonly trained on live rabbits; and

WHEREAS, Only one or two greyhounds out of a litter of ten or twelve have the stamina and motivation to become racers, with the balance of the large litter destroyed; and

WHEREAS, Dogs are commonly destroyed when they stop winning; and

WHEREAS, Proposition 13 gives only lip service to humane considerations and contains no guaranteed enforcement provisions; and

WHEREAS, Most of the jobs at the dog tracks would be part time and seasonal, and the experience in other states show that these jobs do not affect the unemployment rate; and

WHEREAS, That percentage of the parimutuel "handle" to be diverted to the State would be placed in a "Greyhound Racing Fund"; and

WHEREAS, The "Greyhound Racing Fund" would be used at the discretion of the Legislature to finance thirteen so-called charitable programs, twelve of which are not now in existence, and would require a new bureaucracy to administer; and

WHEREAS, Proposition 13 uses these alleged worthy causes to give the gloss of charity to a special interest proposal; now, therefore, be it

RESOLVED, That the Board of Supervisors of the City and County of San Francisco urges San Francisco voters to vote NO on Proposition 13.

FILE NO. 472-76 RESOLUTION NO. 870-76

ENDORSING THE RESOLUTION CONCERNING A CHANGE IN NATIONAL ECONOMIC PRIORITIES PASSED BY THE NATIONAL MAYOR'S CONFERENCE IN JUNE, 1976.

WHEREAS, A shrinking tax base, paired with inflation and the need to maintain an acceptable level of public service has placed on the cities an unbearable economic burden; and

WHEREAS, A resolution calling for a re-ordering of economic priorities on the national level was passed by the National Mayors' Conference in Milwaukee, Wisconsin, in June, 1976, as follows:

> WHEREAS, The domestic needs of our nation, and particularly the needs of our cities, will receive the major attention they deserve, or the financing they require, only when there is a re-ordering of our national priorities; and
>
> WHEREAS, The amount of expenditures for the Pentagon and foreign aid is not as important as the attitude that Pentagon expenditures, regardless of their size, cannot be reduced, whereas domestic programs, regardless of their size and merit, must be reduced; and
>
> WHEREAS, If we eliminate the items which are fixed by law and contractual obligation, including such items as Social Security and Railroad Retirement (which are financed by separate payroll taxes, unlike defense expenditures, which come out of general revenues), and eliminate fixed costs such as interest payments, pensions, etc., we find that only twenty-six percent of the national budget is subject to appropriations controlled by Congress as reported by the Budget Office of the United States Congress; and
>
> WHEREAS, Of that twenty-six percent, eighteen percent goes to the military (including military foreign aid) and only eight percent for domestic civilian needs; and
>
> WHEREAS, A responsible policy requires that if we advocate increased domestic spending, we must indicate where such funds must come from;
>
> NOW, THEREFORE, BE IT RESOLVED that the United States Conference of Mayors calls upon the Administration and Congress to redress the imbalance between domestic expenditures and expenditures for the Pentagon and foreign aid, recognizing that the social defense of this nation is at least as important to the national defense as is our military defense.

now, therefore, be it

RESOLVED, That this Board of Supervisors does endorse the resolution concerning a change in national priorities passed by the National Mayors' Conference in June, 1976.

CERTIFYING REVIEW AND CONSIDERATION OF FINAL ENVIRONMENTAL IMPACT REPORT ON PROPOSED NORTH POINT PARK/MARINA, AND MAKING FINDINGS THEREON.

WHEREAS, The Planning Commission of the City and County of San Francisco has heretofore held a public hearing and made findings pursuant to the California Environmental Quality Act of 1970, as amended (CEQA), the Guidelines for Implementation of CEQA promulgated thereunder and Chapter 31 of the San Francisco Administrative Code establishing objectives, criteria and procedures for environmental evaluation of projects and preparation of environmental impact reports, and has by its Resolution No. 7548 found that the environmental impact report entitled "Final Environmental Impact Report, Proposed North Point Park/Marina, August 26, 1976" is adequate, accurate and objective and said Commission has also found that said project as proposed will have a significant effect on the environment; and

WHEREAS, On October 26, 1976, the Health and Environment Committee of the Board of Supervisors held a public hearing on said Final Environmental Impact Report, and all the members of the Board of Supervisors have considered the contents of said Report; and

WHEREAS, The Board has reviewed and considered the evaluation of the environmental effects of the project described in said Report, means for reducing these effects, alternatives to the project and other public objectives related to the project, including economic and social factors; and

WHEREAS, The construction of said project requires the reclassification of portions of the zoning land use district from P to C-2 and a portion of the zoning building height and bulk district from OS to 40-X; and

WHEREAS, Said amendments to the zoning map have been approved by the City Planning Commission, and have been presented to the Board of Supervisors for adoption; and

WHEREAS, The positive economic benefits and public services of the project on the City is a consideration overriding the project's significant effect on the environment; now, therefore, be it

RESOLVED, That the Board of Supervisors hereby certifies that it has reviewed and considered the information contained in the environmental impact report entitled "Final Environmental Impact Report, Proposed North Point Park/Marina, August 26, 1976" (EE 75.368); and, be it

RESOLUTION NO. 949-76

URGING THE ESTABLISHMENT OF 400 ADDITIONAL POSITIONS IN THE POLICE DEPARTMENT

WHEREAS, The protection of life and property is the first responsibility of local government; and

WHEREAS, San Francisco now has the reputation as a city unable to protect its citizens, as witnessed by a recent national newscast which said San Francisco has the worst crime of any California city; and

WHEREAS, The Mayor of San Francisco recently described the pervasiveness of local criminal activity by asserting that there are no longer any safe neighborhoods in San Francisco; and

WHEREAS, Efforts of the City and County of San Francisco to improve the quality of life for its citizens through its budget or through its allocation of discretionary federal grants in Manpower, physical development and the like will amount to naught until we can assure our citizens, businesses and potential tourists that our streets are safe to walk and our buses are safe to ride; and

WHEREAS, Prior years' expenditures of federal funds have in part compounded the crime problem in neighborhoods adjacent to major physical development projects by creating long-term wastelands, disrupting the fabric of communities and relocating persons into increasingly compacted low-rent areas, which problems the City has an especial moral obligation to correct; and

WHEREAS, This Board of Supervisors has used its budgetary powers to the fullest extent possible to preserve the public's right to safety in the home and on the streets by calling for no diminution of police, fire and Municipal Railway services in the otherwise parsimonious 1976-1977 City budget; and

WHEREAS, The magnitude of the City's crime problem calls for the hiring of at least 200 more police officers and 200 other uniformed and non-uniformed persons assigned to the department, which 400 positions, if permanent and funded through local revenues, would cost in excess of $7 million per year, an amount insupportable by our current fiscal restraints; and

WHEREAS, The only way the City and County will be able to increase the level of service in the public safety field is by making this the number one priority for expenditure of discretionary federal block grants; and

WHEREAS, To meet a previous manpower shortage in the Police Department, during World War Two the City established a rank of limited tenure Q2 Patrolman, a non-permanent class; and

WHEREAS, The City has also established a classification of 8207 Building and Grounds Patrolman, funded through the federal Manpower program, which classification includes the 29 presently employed Muni Transit Guards; and

WHEREAS, The City's overall assignment of Manpower positions does not reflect the fact that the public demands greater safety, there being only 83 CETA positions assigned to the Police Department out of a total CETA force in excess of 2,100; and

WHEREAS, There are presently more than 500 persons qualified through Civil Service tests for the position of Q2 Patrolman, including enough women to satisfy the court mandate in the sex discrimination suit brought by Officers for Justice against the Civil Service Commission; now, therefore, be it

RESOLVED, That this Board of Supervisors finds that it is a moral imperative for the City and County of San Francisco to make public safety programs, and especially innovative public safety programs in areas within or affected by community development projects, the top priority for expenditures of Manpower, Community Development and other extra-budgetary funds; and be it

BOARD OF SUPERVISORS

FURTHER RESOLVED, That this Board declares it intention to support the establishment of and provide necessary training, equipment and other costs for an additional 400 uniformed and non-uniformed positions in the San Francisco Police Department, as follows:

no less than 50 positions of Q2 Patrolman funded entirely through Community Development monies for innovative programs in CD areas;

no less than 150 Q2 Patrolmen for citywide crime prevention and control programs funded partly through CETA and the remainder through general revenues; and

no less than 200 Building and Grounds Patrolmen, Muni Transit Guards and other needed positions, funded entirely through CETA; and be it

FURTHER RESOLVED, That this Board, which does not itself have the power to increase the number of positions in the department, urges the Chief of Police to request and the Mayor to approve these 400 positions and declares its intention to approve supplemental appropriations for these positions as follows:

for salaries of 150 temporary or limited tenure Q2 Patrolmen, the difference between the CETA entitlement and the starting pay of Q2 Patrolmen, to an amount of approximately $900,000 per year or approximately $300,000 for the balance of the 1976-77 fiscal year; and

for training costs, the local match required to supplement California Police Officer Training Program funds; and for uniforms and equipment, up to an additional $300,000 in the current fiscal year; and be it

FURTHER RESOLVED, That this Board urges and requests the Police Department to seek qualified applications for these positions from the eligibility lists maintained by the Civil Service Department, giving first priority to hiring temporaries off the list and second to hiring limited tenure uniformed and non-uniformed persons in accordance with standards and screening procedures to be established by the Police Department; and be it

FURTHER RESOLVED, That copies of this resolution be transmitted to His Honor, the Mayor, for distribution to all agencies which can help implement the intent thereof.

DECLARING POLICY OF BOARD OF SUPERVISORS RELATING TO EMPLOYEE LAY-OFFS TO MEET FISCAL DEMANDS OF CITY AND COUNTY.

WHEREAS, San Francisco and many American cities are experiencing a fiscal crisis unparalleled in recent history which has demanded in our City extraordinary efforts by the Board of Supervisors Finance Committee to cut costs to bring about the lowest possible tax rate; and

WHEREAS, Personnel cuts of non-vacant positions have, to date, been avoided, they may be necessary if the City's fiscal crisis becomes more serious; and

WHEREAS, San Francisco's personnel program relies primarily on the Civil Service System to ensure that merit, not personal favor and patronage, dictate hiring practices; and

WHEREAS, If lay-offs are necessary, termination of Civil Service employees before termination of individuals in appointive positions would seriously undermine the Civil Service System; now, therefore, be it

RESOLVED, That this Board of Supervisors of the City and County of San Francisco does declare the policy that in the event employee lay-offs are necessary in the future to meet the fiscal demands of the City and County of San Francisco on a department by department basis, non-vacant Civil Service positions shall receive priority for retention and appointive positions (other than department and bureau heads and positions as identified in Charter Section 8.300(a)(1)) shall be cut before any non-vacant Civil Service positions are cut; and, be it

FURTHER RESOLVED, That in any case in which a department or bureau head believes that when a non-vacant Civil Service position is scheduled to be cut, and the department or bureau head further believes that such position is essential to the department's or bureau's operations, justification may be presented to the Board of Supervisors for its decision as to the continuance of the position.

RESOLVED, That the Board of Supervisors of the City and County of San Francisco hereby states its intention to encourage a reversal of the process of deterioration which afflicts our municipal golf courses, making them once again attractive, playable, a source of pleasure and a source of income for the people of San Francisco, by establishing a seven (7) member Citizens Advisory Committee on Municipal Golf Courses, composed of residents of the City and County of San Francisco, to recommend steps to restore and preserve our municipal golf courses; and be it

FURTHER RESOLVED, That the Citizens Advisory Committee shall, to the extent possible, recommend methods of funding which do not derive from property tax sources, but from applicable Federal and State sources, and from appropriate operating income and private sources; and be it

FURTHER RESOLVED, That the terms of the appointees to such committee be subject to the will of this Board and that such committee will be in force and effect until such time as this Board, by further resolution, deems otherwise.

AUTHORIZING THE MAYOR TO ACCEPT AND EXPEND FUNDS FROM THE ECONOMIC DEVELOPMENT ADMINISTRATION TO CONTINUE THE OFFICE OF ECONOMIC DEVELOPMENT FOR A FOURTH YEAR; AND AUTHORIZING USE OF A CASH ALLOCATION.

WHEREAS, The City and County of San Francisco has been designated a Title I Economic Development Area under the Public Works and Economic Development Act of 1965; and

WHEREAS, The Economic Development Administration of the Department of Commerce has indicated to the City that funds are available to continue a City Economic Development Staff responsible for planning and administering the expenditure of such funds as may be received, and taking such other actions as are appropriate to expand the economic base of the City; and

WHEREAS, The City of San Francisco will continue to be eligible for receipt of federal cash grants and loans for economic development projects and programs during the twelve-month period beginning November 15, 1976; and

WHEREAS, The Board of Supervisors by Resolution 680-72, adopted October 30, 1972, established the Office of Economic Development; and

WHEREAS, The Board of Supervisors by Resolutions 367-74 and 394-75 approved the continuation of the Office of Economic Development for a second and third year; and

WHEREAS, The Greater San Francisco Chamber of Commerce will assume the informational referral and assistance services to the downtown businesses and major industries; and

WHEREAS, the Greater San Francisco Chamber of Commerce has an ongoing program to stimulate prosperity and duplication of the efforts of the Chamber would be wasteful to the taxpayers' funds; and

WHEREAS, This grant will (1) provide for the development of an implementation strategy that will stimulate the economic development of special projects such as Eastshore Park, China Basin, and Port-related activities, including reutilization of Hunters Point Naval Shipyard and the development of the Northern Waterfront, and (2) assist in efforts to promote the revitalization of neighborhood commercial and industrial areas of San Francisco through stimulation of public and private investment in local economic structures, thereby improving the City's overall economic base; now, therefore, be it

RESOLVED, That this Board of Supervisors of the City and County of San Francisco does hereby amend the terms of Resolution 733-76 to authorize the Mayor to enter into a contract to accept, to expend and to account for funds received through this grant not to exceed the sum of $60,000 for the purpose of continuing the Office of Neighborhood Economic Development for a fourth year; and, be it

AUTHORIZING THE MAYOR'S OFFICE OF COMMUNITY DEVELOPMENT TO REALLOCATE AND EXPEND UNOBLIGATED FEDERALLY-ASSISTED CODE ENFORCEMENT (FACE) FUNDS FROM THE COMMUNITY DEVELOPMENT PROGRAM TO FACILITATE HANDLING OF THE REMAINING FACE PROGRAM WORKLOAD THROUGH SEPTEMBER 30, 1977.

WHEREAS, Resolution No. 756-76 made the assumption that there would be a steady flow of Federal 312 Rehabilitation Loan funds to permit a speedy close-out of the FACE Program; and

WHEREAS, due to the irregular flow of Section 312 funds, re-inspections, amended work specifications and new bids as required, the FACE Program has been delayed; and

WHEREAS, excessive delays in hiring of key personnel and untimely retirements within the FACE Program has also hindered the processing of the pending workload; and
